

Same great facility! Just a new name.

Excited to announce that University Nursing and Rehab now accepts Medicare and offers Rehab services.

Evansville patients and families are turning to University Nursing and Rehab for help in regaining strength and independence. We provide an intensive, interdisciplinary program directed to help restore function, independence and quality of life to patients recovering from a hospital stay or illness. In addition to the best in short and long term care, patients are involved in multiple therapies including speech, physical, and occupational.

REHAB PROGRAM HIGHLIGHTS
